**Qualified Plan Rollover Distribution** – An eligible distribution is generally a non-periodic distribution from a qualified retirement plan for all or part of your account balance which is rolled over into your Folio IRA within 60 days of receipt, except for and portion of a distribution which is nontaxable. Your employer’s benefits or personnel office should be able to tell you what portion of your distribution is an eligible distribution. ## PART 3: Certification

I certify that the contribution described above is an eligible Traditional/Roth IRA rollover contribution and that I am rolling over this contribution within 60 calendar days of my receipt of that distribution (except in the case of COVID-19 related premature distributions). I understand that this rollover is irrevocable and involves important tax considerations. Specifically, I understand that a rollover contribution from a qualified retirement plan will no longer be eligible for the special averaging, capital gains and separate tax treatment that may be available for distributions from such plans. Other tax considerations may also apply.

I agree that I am solely responsible for all tax consequences of this rollover contribution. I also agree that neither the IRA custodian nor Folio shall have any responsibility for any such tax consequences. I also understand that restrictions regarding subsequent rollovers may apply.

**I have read and understand and agree to be legally bound by the terms of this form. I also understand that the IRA custodian will rely on this form when accepting my rollover contribution. I also understand that I am responsible for the movement of the rollover to my successor IRA, and that neither the IRA custodian nor Folio has any duty to enforce the collection of any assets to be rolled over to my Folio IRA.**
